

Within, Antelope Canyon #5

This is a drawing of Antelope Canyon. There are upper and lower slot canyons located in Arizona. I was able to take a guided photographers tour of the beautiful water carved walls which allowed me to produce this seven-piece series.

I think this piece of artwork requires some reflection upon entering the encounter. The beautiful colors with hints of 12k white gold leaf (original artwork only) and sharp edges give pause to caution. Can you see the faces in the sculpted stone? What do they make you think of? Ultimately, "Within", is not just about the canyon but a chance to glimpse within.
